## Post Office Reveals Big Gain in 1951

Another indication that the current season was one of the best is shown in the report of business for the first quarter of the year at Palm Springs post office.

The 1951 first quarter was 10 per cent better than the 1950 first quarter, R. M. Gorham, postmaster said, despite the fact that two new post offices have been established in the area covered by the local post office.

**TOTAL** for the 1951 quarter of January, February and March was \$53,156.90 and for the corresponding three months in 1950, it was \$48,195.39.

"That gain of almost \$5,000 in postal receipts at the Palm Springs office was registered despite the fact that post offices were established at North Palm Springs and at Rancho Mirage in the past year," Gorham said.

**BEST MONTH** this season—and last, too—was March, the postmaster reported.

His breakdown for the quarter this year and in 1950, follows:

	1951	1950
January.....	\$17,018.57	\$15,452.45
February.....	\$17,600.33	\$14,815.20
March.....	\$18,538.00	\$17,927.74
Quarter.....	\$53,156.90	\$48,195.39

## CIRCUS RAISES CITY'S ARMED FORCES QUOTA

"Saturday's Desert Circus events were the largest and most outstanding in Circus history," said Frank Bennett, president of the Desert Circus association this week. Crowds which witnessed the parade and the circus itself were the largest ever."

"The dollars which Circus fans poured into the fund will go to a good cause," Bennett continued. "Palm Springs quota to the national USO fund is \$1544 and the association will pay all of it. Another \$300 will go to war work for the Salvation Army Southern California unit for service centers."

"THE REMAINDER of the money will go into a local USO fund for armed forces visitors to Palm Springs. We have not yet decided what method will be used to allocate local funds."

Bennett pointed out that in the past five years the association has turned over \$42,000 to worthy local causes from Circus proceeds. In 1946 \$16,000 was contributed to construction of Wars Memorial hall and other money has been given to Community Chest, Community hospital and youth programs in the city.

"THERE ARE many people who worked hard this year to make the Circus a success," said Bennett. "Dr. Henry L. Dollard as general chairman did a fine job. Parade Chairman Jimmy Cooper pleased thousands with his work last Saturday."

Other committee heads thanked were: Trav Rogers, opening luncheon; Leo Fields, judge; Bill Bassichis, sheriff; Allan Jones, acting sheriff; Melba Bennett, Insanities producer; Mrs. H. L. Dollard, charity ball; Earl Hough, western dance; and Lloyd Simon, car award and Circus yearbook.

THE DESERT CIRCUS executive committee will hold an 8:30 a.m. breakfast meeting today at Desert Inn Coffee shop to hear preliminary financial reports and settle summer office problems.

Following the meeting recommendations will be made as to next year's schedule. "Comments have been favorable toward our 'after Easter split schedule plan' this year," according to Bennett. "It proved that outdoor events can be held successfully after Easter."

Circus officials and police estimated that 40,000 people watched the two mile, two hour parade Saturday afternoon. Led by Little Bear and Leo Carillo, the gay spectacle wound down Palm Canyon drive over a mile and three quarter route.

GRAND sweepstakes winner was a float sponsored by J. W. Robinson Co. which featured a huge golden eagle in its "American Way of Life" theme. Several beautiful salesgirls from the store provided added luster to the float. Bullock's float, with its huge white circus horse and rider and a ringmaster, placed second.

## Cafe and Tavern Owners to Hear OPS Rules Tuesday

Palm Springs cafe and tavern owners, and representatives of hotels having dining rooms will gather in the War Memorial building Tuesday at 2 p.m. to hear an outline of Ceiling Price Regulation 11, guaranteeing customers the same "dollar value" of food per dollar sales that they received before the Korean outbreak, requires certain reports of proprietors by April 30. As defined in the order, food includes all beverages.

## Mayor Farrell Names April 24 Western Air Day

Palm Springs will participate in Western Air Lines 25th anniversary this month as the city joins 45 others on the carrier's far flung lines in observation of the event.

This weekend, WAL entertains the press from cities as far east as Minneapolis and as far north as Seattle in a three-day program in Los Angeles and on April 24, will entertain civic leaders from the Village at luncheon and inspection of the company's facilities.

MAYOR CHARLES FARRELL has proclaimed April 24 officially as Western Air Lines day and plans for a celebration to highlight the company's 25th anniversary are under way according to Western's local representatives, Bill McLaughlin and Bruce Pickett.

The mayor, City Manager Russell Rink, Chamber of Commerce President Fred Ingram, Chamber Manager William Dunkerley, Airport Operator Mary Nelson and possibly others, will fly into Los Angeles for the program there.

THEY WILL LEAVE at 10:45 a.m. and return at 3:25 p.m. Luncheon will be at WAL's Los Angeles offices and then they will tour the company's Los Angeles plant and the International Airport.

The press party will be staged April 15, 16 and 17. Newspaper See WAL DAY, Page 11

## Search for City Engineer Still on

Palm Springs is still searching for a city engineer this week. Following the resignation of George Minton March 1, City Manager Russell Rink has studied several applications for the job. One San Diego man accepted reported that he had been called back into the armed forces shortly before he was to assume his duties here.

Rink has a few other prospects in mind at present and may conduct another interview in a few days.

## 5 April Conventions to Jam City

### Expect 2000 Visitors Here This Month

Convention Bureau Announces Sessions Starting Sunday

Five conventions here in April are expected to bring more than 2000 delegates and other members of the groups involved to the city this month, the Chamber of Commerce convention bureau said yesterday.

These conventions, which will bring additional spring business to the community start this weekend when the resort committee of the National Hotel association gathers here.

ALSO NEXT WEEK is the American Legion district convention, set for April 15, the Columbia-Cornell-Pennsylvania Pilgrimage April 20-22, the National Retail Credit association April 21-24 and the Lions Districts 4E1 and 4E2 convention April 27-29.

The Retail Credit association gathering is expected to bring 400 to 500 delegates to Palm Springs. The Lions district convention is expected to attract 400 delegates whose ranks will be augmented by wives and other Lions.

MORE THAN 50 resort hotel operators from coast to coast, Honolulu, Porto Rico and Canada will start arriving at the Desert Inn Sunday for a three-day meeting scheduled to start Monday at 9:30 a.m.

They are members of the Resort Hotel committee of the American Hotel association, according to Earl Coffman, vice chairman of the committee.

Clement Kennedy, chairman of the committee from Swampscott, Mass., will preside. Discussions will center around the cost, preparation and serving of food, the objectives of the American Hotel association, recreational diversion for guests at resort hotels and personnel problems. All sessions will be at the Desert Inn.

THE CHAMBER'S Convention Bureau working with an eye toward the future and the Soroptomists have accepted Palm Springs' invitation to hold their annual meeting here early next fall. The California State Hotel association will hold their meeting October 10-17 with more than 500 delegates gathering at the Desert Inn headquarters.

Chamber workers met with local Amvet officials this week to assist in securing the 1952 convention for Palm Springs. Approximately 4500 delegates would attend.

## City Employees in Line for Hike in Pay Schedule

Coincident with his request that city department heads submit budget requests for the new fiscal year beginning July 1, City Manager Russell Rink announced that the city hopes to grant a blanket raise to all city employees on that date.

"From Jan. 15 to Feb. 15 the cost of living index in this area rose two and eight tenths points to a high almost double the 1935-39 average," Rink pointed out.

Meanwhile department heads will submit a detailed salary schedule listing the name and job classification of every employee plus a list of all other foreseeable expenses. Ordinarily city council approves final draft of the budget at its final June session.

### New County Association Now Official

21 County Chambers Adopt Plan Offered by Palm Springs

Riverside County Association of Chambers of Commerce was in existence today along lines of a compromise offered by Fred Ingram, president of Palm Springs Chamber of Commerce, which composed differences of opinion between communities of the county. The plan whereby every chamber will have a member on the board of directors and five will be appointed by supervisors, one from each district.

THE ASSOCIATION started all over again at the Beaumont meeting. Articles signed at Hemet were reported lost by Supervisor Homer Varner and a new set were signed by the 21 of the 28 chambers represented. The members of commerce throughout the county will be asked to elect directors as soon as possible. These in turn will meet May 15 (the new organization's meetings will be held the third Tuesday of each month.)

MEANWHILE, Supervisor Varner announced, the board of supervisors will try to agree on a secretary-manager for the new organization. R. M. C. Fullenwider, secretary of the Riverside county chamber of commerce for several years, has resigned to devote full time to managing Riverside and Orange county fairs.

From the showing here and at Hemet it appeared that most of the 28 chambers of commerce in the county will go into the new association. Twenty-one signed again here yesterday, but the list was slightly different. Three new ones signed, and three former signers were absent.

TUESDAY signers were: Arlington, Banning, Beaumont, Cabazon, Cathedral City, Corona, Desert Hot Springs, Elsinore, Hemet, Idyllwild, Indio, La Quinta, La Sierra, North Palm Springs, Palm Springs, Pedley, Perris, Riverside, Sunnymead, Thermal and West Riverside. William Watson of Hemet and Richard B. Hampson of Riverside, temporary chairman and secretary respectively, will continue in office until the May 15 meeting. Place for that session will be set later by Watson.

## Unconfirmed

Police Trace Rumor of Jet Crash Here

Rumors in the city yesterday afternoon that a jet aircraft had crashed on the eastern slopes of the San Jacinto range near Whitewater were unconfirmed by local police, firemen and Cathedral City's Forestry fire station late yesterday.

"To the best of our knowledge," said a forestry spokesman, "the smoke which can be seen by passersby from Palm Springs is merely from a brush fire west of Mission Creek road. We haven't heard that any airplane is involved."

Exact cause and nature of the blaze was not yet determined late yesterday.

## Rev. Hodge Speaks Here

The Rev. Richard Hodge, O.F.M., a Franciscan father, will conduct a mission each morning and evening at St. Theresa's Catholic church beginning Sunday through April 22.

## Connable Estate Assessed at More than Four Million

The late Frank Lee Connable of Palm Springs and New York, retired vice-president of E. I. du Pont de Nemours & Co., left an estate worth \$5,122,114, gross value, and \$4,686,512, net, according to an appraisal of his holdings filed in New York last week by the New York State Transfer tax department. Included in the assets were duPont securities valued at over \$4,000,000.

After distribution of specific legacies totaling about \$500,000, the balance of the estate goes in

## ZADDIE BUNKER ELECTED ART CENTER PRESIDENT

Purchase of Land and Buildings Main Objective for Year

Zaddie Bunker, Palm Springs business woman since 1913 and one of the best known Village residents, was elected president of the Desert Art Center of Coachella Valley Inc. by unanimous vote of the new board of directors at their first meeting at Villa Royale Monday night.

Since the opening of the gallery in Cathedral City last November 15 Mrs. Bunker has shown a strong interest in the forming of a cultural center here. Mrs. Bunker protested her election saying others were better fitted for the important position but the directors felt that her reputation for business integrity and her wide acceptance as a leader in the field of property investments was more necessary to the rapidly growing educational development than any other quality a president could possess.

MRS. BUNKER said her chief concern will be acquisition of buildings and grounds suitable for classes in arts and crafts and establishment of a real Western teaching center to meet the increasing demand of winter visitors and retired residents. The high schools, she said are urging the Art Center to help them in their adult education program for which they have no day time outlets and very inadequate laboratory and workshop housing for teaching of crafts.

Mary Wolseth, founder of the Art Center and first chairman of the interim committee handed the gavel to Mrs. Bunker as she herself resigned from the board. She was thereupon appointed as executive secretary to assist the president.

## The Plaza

Rusaleum Principal Buyer, New Report

Frank Rusaleum, local resident and co-owner of Pepper Tree Inn, and several other men are actual purchasers of the extensive Plaza properties, according to word received yesterday from Dan McGowan, Pepper Tree Inn co-owner, and Robert Ransom, Plaza manager.

"The report that Phil Goldstone, Palm Springs, Los Angeles and Hollywood property owner, was the buyer is premature," said Ransom yesterday, "since the local property was advertised for sale in legal announcements and bidding did not close until Wednesday. Apparently Rusaleum and his associates' bid was the highest received."

Ransom said the transaction was being handled by the Bank of America trust office in Redlands. Two weeks ago reports received here claimed that Goldstone had bought the Plaza for a sum close to two million dollars. The property was owned by Jefferson Patterson and the estate of Mrs. Mary P. Davidson, heirs of the late Mrs. Julia Carnell.

## Garden Movie to be Shown April 22

A 20-minute, full color garden movie will take a Desert Museum audience through famous European horticulture spots on Sunday night, April 22, under joint auspices of the museum and the Garden club. There will be no admission charge or collection.

PRESIDENT—Zaddie Bunker, well known Villager, elected president of Desert Art Center this week.

## Restaurant Men Urge Raise for Police, Firemen

Alarmed over possibility that several key members of the Palm Springs police and fire departments may soon leave for more lucrative positions, Palm Springs Restaurant Owner's association voted yesterday to seek an increase in pay for policemen and firemen.

Victor Sudaha, vice president, announced that a resolution will be presented to city council at its next meeting urging a 10 per cent across the board increase for police and firemen.

"I know that the wage now paid these city employees, who risk their lives daily is inadequate," Sudaha said. "It may be true that Banning and some other small communities with the same population as that of Palm Springs pay the same wages or even less, but it has been found that it costs more to reside in a resort community."

A representative of the Restaurant association will be present at next council meeting to ask that the raise be granted, Sudaha said.

## The PUBLISHER'S Corner

ALONG WITH MILLIONS of other American citizens, Villagers are today recovering from the shock of Gen. McArthur's dismissal at the hands of President Truman and trying to figure out what this momentous decision means to the future of the nation. Will it help to prevent a third world war as Truman claims or will it have the same effect as did the concessions of Chamberlain and Daladier at Munich? That is the question.

In his radio address explaining the reasons for his decision, the president said that "the change in commands in the Far East means no change whatever in the policy of the United States." Of course not. It leaves no doubt in the minds of most people that Asia will be surrendered to Communism—that the policies of Truman, Acheson, Marshall and company are to be the policy of this nation unless the people decide otherwise and act on that decision.

Everyone hopes and prays that another world conflict employing horrible new weapons can still be prevented. But we face the problem of what policy on the part of the United States and the United Nations will be most effective in preventing another global conflict and what policy will keep us from being placed at a disadvantage in case war does come? The dismissal of Gen. McArthur has not solved that problem—nor has it solved the basic problem in the Korean situation.

While Gen. McArthur has his critics, the reaction of most people is that the world's greatest soldier and one of the nation's greatest military heroes has been humiliated. There was also the opinion that his judgement of the wisest policy is based on years of on-the-ground of experience, should have been given more consideration and was not interfering with the conduct of the war in Korea.

From its apparent weaknesses American democracy draws its greatest strength. We have not lost the right to criticize the action of our public officials from the president on down the line. The shock of this sudden removal of the nation's top military commander because of his views on national policy will awaken our citizens to the importance of taking part in the selection of public officials—of maintaining our freedom by exercising the rights it insures, and of taking a greater interest in public affairs.

## Group Makes Public Plans for Petitions

Four Sign Notice of Intent to Recall Nathanson

Legal notice of intention to circulate recall petitions against Jerry Nathanson, councilman from District 2 which embraces three precincts in the Reservation area, was made public today signed by four citizens of the District.

The papers were drawn by Wallace P. Rouse, Indio attorney.

The notice, signed by Dean D. Pickell, precinct 2; Fred H. Wade, precinct 8; Margaret E. Florio, precinct 11 and Lando Darling, precinct 9, set forth the intent of the quartet to start circulating the recall petitions three weeks from today.

CITING REASONS for their action, the petitioners charged that Nathanson had not carried out his pre-election promises although he had held office for a year.

Among the statements they claimed he made were plans to reduce costs of utilities, set up civil service for city employees, pave streets in the district and hold regular meetings with his constituents to determine their wishes in respect to city government.

THE PETITIONERS also claimed that Nathanson for some time lived out of the territorial limits of his district. They further cited that he had failed to take steps to provide parks and playgrounds for children in his district.

Councilman Nathanson, upon hearing of the proposed action, declared that he had no comment today but would have a statement within a few days.

## Soroptimists Launch Home Safety Drive

Campaign to Cut Accidents Under Way This Week

Village Soroptimists and parent-teachers spearheaded local safety in the Home Week this week following an address last Tuesday by Dr. Etta C. Jeancon, eminent eye physician of Los Angeles. The doctor addressed club members and other interested listeners at a luncheon meeting and an evening gathering at Frances Stevens school.

The program was part of the Soroptimist parent-teacher campaign for home safety in a concerted effort to reduce residential accidents.

"MORE THAN 12,500 persons are killed in the home every year," said Mrs. Madge Holderman, Soroptimist official. "Other causes of children's deaths are constantly being eliminated by miracle drugs," said Mrs. Holderman, "but people seem strangely apathetic when it comes to preventing home accidents to their young ones. More than a million children are crippled in the home every year. One thing that's appealing about this campaign we're conducting is that there's no cost to anyone; only a little time and common sense is needed to cut down on home fatalities and injuries."

POISON SHOULD be plainly marked and kept out of children's reach. Toys must never be allowed to clutter slippery floors and stairways and youngsters should be kept away from firearms until they are old enough to realize their potential danger. They must be taught proper safety when handling weapons.

"If this safety in the Home Week makes even just a few Palm Springs residents more cautious behind their front doors, we'll feel that we've accomplished something and that our time was not wasted," Mrs. Holderman concluded.

Oil Man Talks at Lion Session

"Problems of Locating Oil in the Jungles" was the subject of a talk by Gaylord Humberger, Standard Oil Co. geologist on leave of absence, at yesterday's Lions club luncheon meeting in the Chi Chi club.

Humberger discussed the hardships and dangers of jungle life and told of the natives, rivers, snakes and animals and living conditions encountered in this work. He will soon return to the jungles of which he spoke.

Chairman of the day was Roger Williams.

Several Lions, chairmaned by Walter Brehm, sold car tickets at Saturday's parade for benefit of Desert Circus.

Monday at 7:30 p.m. committee convention members will meet at the firehouse to map final plans for the coming Lion convention.

## Mary Pendery Wins Another Contest Round

Mary Pendery, Palm Springs high school senior, who won the local Lions club speaking contest two weeks ago and then went on to win in the Palm Springs district, repeated her victories at Imperial last week when she won the district honors in competition with speakers from Banning, Calipatria and El Centro.

On April 17, at 8 p.m. at Banning high school, she will compete in the regional finals against speakers from San Diego. Next stop, if she wins in this contest, is the district finals to be held here in conjunction with the coming convention of Districts 4E1 and 4E2 April 27 to 29. District 4N, Nevada, will also compete in the local contest.

Center were: Beth Stebbins, treasurer; C. Henry Taylor, Los Angeles, president-at-large to represent the large membership outside of Coachella Valley. The offices of secretary and first vice president are not filled at this meeting.

Committee chairmen chosen were: Virginia Colville, membership; Evelyn Pell, house chairman; Mrs. Sophie Sturdevant, president of the Friendship Club in Desert Hot Springs, chairman of the Artist's Advisory committee. John Lucarelli agreed to head an interior and exterior decorating committee while L. C. Lewis, president of Desert Associates will act as business advisor and consultant.

MAIN BUSINESS discussion of the evening centered on the proposed purchase of a nearby property for a teaching and meeting center. It was voted to send thanks to Mr. and Mrs. Austin McManus for their offer of property on highway 101 to be used for this purpose. However, there seemed no prospect of securing building permits at this time.

Mrs. Bunker was authorized to proceed as quickly as possible to procure a property for the needed expansion.

**Crosby Again Packs Them in at Broadcast**

Another packed house at the Plaza theater last Saturday saw heard Bing Crosby's CBS show recorded on tape and then tuned in Wednesday night to hear the program over the air.

It was worth listening to twice. Louis Armstrong was one of the guests on the show and provided vocal and trumpet music. Marilyn Maxwell was also there to appear in duets with Crosby.

Star of the show, however, was Lindsey Crosby, Bing's youngest who sang with his dad and brought down the house.

## Board Authorizes Suits to Aid State Riding Trail

Condemnation proceedings to clear the path for the proposed state riding and hiking trail through Riverside county were authorized by supervisors Monday. They involve two parcels of land in the San Jacinto mountains which are blocking the proposed right of way.

County planning commission, the U. S. forest service, and representatives of riding and sports clubs throughout the county urged the supervisors to take the action.

TWO MEN who own land near Idyllwild in the San Jacinto mountains are refusing the rights of way. They are Frank Scovill of San Diego and Hil Cubarkin of Los Angeles. They own about two miles of trail. State officials said they have refused to sell their right to close the trail whenever they want to at a "reasonable price."

The trail enters Riverside county from San Diego county at a point about eight miles east of Aguanga and travels through the San Jacinto mountains, crossing the pass area a short distance from Palm Springs. It leaves the county at the north through Whitewater canyon. Only the two miles of potential trail owned by Scovill and Cubarkin are needed to complete the right of way in Riverside county.

THE WHOLE TRAIL is a 3000-mile loop that runs the length of the state through mountain, desert, forest and sea coast.

Otto Born, land purchasing officer for the state division of beaches and parks, said he state would pay the cost of the condemnation proceedings. He explained that the division of beaches and parks said the state rights of way but cannot undertake condemnation proceedings of its own. The county can.

## Masons Sponsor Public Schools Week April 23-27

Palm Springs will take its part in 32nd annual observance of California Public Schools week to be held April 23 to 27, according to Co-chairman Dr. William P. Aikin. During the week the local committee will urge everyone to visit one or more schools during the week.

Other members of the committee in charge are: Arthur G. Hoff, co-chairman; Francis Crocker, Herbert Samson, Henry Greeley, Paul Summers and Chester Sproule.

Public schools week was instituted 32 years ago in order to provide an opportunity for parents and others to visit their schools and acquaint themselves with the work being done. The governor proclaims the week and both state and local school authorities join in the undertaking. More than 600 citizen committees throughout the state this year are cooperating with their local school officials in the observance.

It is the work of the citizen groups to develop public interest in the local school programs in order that the fullest possible attendance on the part of the public may be registered. According to the local committee the details of an extensive program for the week are now being developed and an announcement of details will be made shortly.

## Salary Schedule Discussions Start

Salary conferences, expected to produce several arguments, were begun by supervisors Wednesday. The decisions will affect all of the 1100 workers on the county payroll.

Controversies are expected as two of the four members of the board believe some increase should be made and two are opposed. One seat is vacant.

Home Varner, representative from District four which includes Palm Springs, believes that some increases should be made. So does Irwin Hayden, chairman of the board. Supervisors Sherman

# Col. Jennings Missing After Korean Raid

Wife and Family Now Residing in Palm Springs

Reports, current here for two weeks, that Colonel Payne Jennings Jr. of Palm Springs, was missing in action in Korea were confirmed Sunday night at March Air Force Base.

His wife, Evelyn, and his two daughters—eight year old Diane and four year old Shaw—live at 262 Crestview drive here. Mrs. Jennings was visiting friends at March Field when news reached there that Colonel Jennings was missing.

COL. JENNINGS is the holder of a distinguished flying cross, the bronze star, air medal with two oakleaf clusters, and the commendation ribbon with one oakleaf cluster.

A senior pilot and an honorary member of the Chinese Air Force, the March Field colonel has 5700 hours of flying time behind him including 351 combat hours in World War II. During his 37 months' overseas duty during that war he served in the European-Mediterranean, the South Pacific and the China-Burma-India theaters.

AFTER WORLD WAR II, Col. Jennings was deputy commander of the air task group for Operation Sandstone and also participated in Operations Crossroad and Bakini.

Made commanding officer of the 22nd Bomb Group at Smokey Hill AFB, Kansas, on July 7, 1948, Colonel Jennings came to MAFB on May 10, 1949, and became director of operations for the 22nd Bomb Wing there.

Colonel Jennings was commanding officer of the 19th Bomb Group on Okinawa when he was reported missing. He went to the Far East last July.

## Careless Smoker Blamed for Fire

Once again a careless cigarette smoker was blamed by firemen for a weekend automobile blaze in the city during the Desert Circus parade Saturday afternoon.

Fire fighters responded and quickly extinguished a back seat upholstery blaze in a 1950 car belonging to Ted Griffith, water company worker, as it was parked at El Alameda and Indian avenue. Time of the fire was 3:40 p.m. and loss was estimated at \$75.

## Portrait of the Week

BY BERNARD OF HOLLYWOOD

Mrs. Howard "Dutch" Darin and three and a half-year old Patrick are frequent visitors to Palm Springs along with daddy "Dutch" who is quite well-known in automobile circles for his ingenuity in body designing—having designed cars for celebrities here and abroad and has been for the past five years designing for the Kaiser-Fraser Co. . . . little Patrick is following in his father's footsteps and is a "chip off the old block" or should we say "a fender off the old body?" . . . at his early age he can already identify different makes of autos and shows a distinct tendency towards mechanics . . . Mrs. Darin was formerly the movie actress Pattie Shaw, but has developed talents other than acting since her marriage . . . she has a definite flair for creative and decorative touches in home interiors and also dress designing. Those Darins are well supplied with dimples, they might even be called the "Dimpled Darins," the results no doubt of always looking on the sunny side of life and always smiling.

## Two Mayors

Farrell, Bowron Get Together Here

Mayor met mayor last week as Palm Springs Mayor Charles Farrell greeted Mayor Fletcher Bowron at the Racquet Club during the latter's week-long stay here.

Here with Bowron was his son, Barry, a new navy enlistee on his first leave. The pair of distinguished visitors enjoyed their rest here and said that Mrs. Bowron will visit the city later this month. While here the Bowrons stayed at Palm Hyland Inn.

## Special Museum South of Border Picture Monday

In a special program sponsored by the Desert Museum, the world famous writers and adventurers, Dana and Ginger Lamb, authors of one of the most exciting travel books ever published: "Enchanted Vagabonds" will present a new color movie on Mexico and Guatemala Monday evening, April 16, at 8:30 p.m. in the Stevens school auditorium.

The Lambs received wide acclaim when they made a 16,000 mile honeymoon voyage in a 16 foot canoe along the west coast of Mexico and Central America to Panama. This trip took them three years to complete! What transpired in that unusual trek was set forth in print in the well known book "Enchanted Vagabonds" now in its 18th Edition. Since then, the Lambs have been on an extensive search for a Lost City of the Mayas, a last stronghold when the Indians fled with Cortes. The story of that quest, with the discovery of a Lost Tribe and eventually the finding of the Lost City will be told in a forthcoming volume.

In the beautiful color film which the Lambs will show as a benefit for the Desert Museum's exhibition fund, some of the exciting adventures in that strange quest can be seen: Ancient ruins, exotic animal and bird life, curious customs of little-known tribes, and the thrills of a jungle safari. Their film is called "Mexican Caroussel" and was cut from over 20,000 feet of Kodachrome footage to bring you the cream of several of their vagabond trips into the wilds of Mexico and Guatemala.

All seats will be one dollar plus tax, with no seats reserved. Doors open at 7:30. Tickets may be obtained in advance at the museum office or at the door Monday evening.

**Comfort** is when You don't feel anything!

Most folks think of comfort as a state of repose—a kind of wonderful process that supports you everywhere but touches you nowhere. Actually, it's the little things you don't feel that make you comfortable.

Chair Cars on Southern Pacific's modern streamliners have been built with this thought—your comfort—the first consideration. Dust-free, draft-free air-conditioning. No glare fluorescent lighting. Soft-as-a-cloud foam-rubber seats. Lots of leg room and move-around room. Extra large windows. Feather-touch doors. Spacious washrooms.

That's why Chair Cars on Southern Pacific streamliners are the most luxurious form of all low-cost transportation.

## Don't Forget

County Taxes Must be Paid in Week

Don't forget the date—April 20. On that day the second half of the 1950-51 fiscal tax bill becomes delinquent.

If second half taxes are not paid that day, a six per cent penalty plus a \$1 charge for each parcel assessed will be added.

Miss V. M. Hyde, county tax collector reminded Villagers again this week of the deadline—one week from today.

## See Circus

Portnoy Brings Twin Pines Boys

Approximately 50 boys and six instructors from Twin Pines camp on the Banning-Idyllwild road saw the Desert Circus Saturday through the generosity of Frank Portnoy of the Cork and Bottle.

He brought them to the Village to watch the parade in the afternoon, took them to dinner that evening and to the circus at the Polo Grounds afterwards.

## Board Protests State Employees Insurance Lobby

County supervisors Monday ordered preparation of a resolution that would protest lobbying done by employees of the state compensation fund against pending legislation.

The bills, coming before the state legislature, would allow county and city governments to carry workmen's compensation insurance with private companies.

The present state law requires them to carry the insurance, which protects employees against sickness or accident, with the state compensation fund.

Supervisor Sherman Lewis proposed the resolution. He said employees of the fund had lobbied extensively throughout Riverside county.

The resolution would go to Governor Earl Warren and to State Senator Nelson Dilworth and Assemblyman John Babbage.

The vote for its preparation

was unanimous. Lewis said: "I don't like state employees lobbying on something affecting their department, and some of them on state time . . . They're against that legislation because they're afraid it might put them out of a job."

## Flemings Host April Brunch

One of the loveliest parties of the year is the April brunch hosted by Tom and Theodora Fleming. Each year it grows larger and larger as does their circle of friends in the Village and on the coast. Good news now is that they are to be home owners here and will start building on their new Las Palmas lot before returning to Chicago.

Seated at the beautifully decorated tables extending at right angles the length of the Lanai Room of the Tennis Club Sunday were Dr. and Mrs. Reuben Larson, the George Barracloughs, the Dan Dunlaps, Bill and Betty Bannerman and others from the coast. Also included in the Fleming's hospitality were Mr. and Mrs. M. O. Anderson, the Norman Waters and their houseguest, Mrs. Hellen Bock of Chicago, Mr. and Mrs. Owen Churchill, John and Lillian McClure, the Hathaway Kemper, the Bob Kenastons, Sam and Edna Kraemer, the Packy Dees, Bill and Marian Seiter telling about the new arrivals in their family—six little miniature poodles. Dozens and dozens of white candles in smart, smart black iron holders lighted the flower-filled patio of the William Moncrief's home Friday evening and out-of-this-world music made up the entertainment program. Bing Crosby and Dolores Hope were among the forty guests and they gave generously of their beautiful singing voices along with Johnny and Tani Boyle. Also Tani delighted everyone with some of the Hawaiian dances she does so beautifully.

Sharing honors at the patio supper were Mr. and Mrs. Gaylord H. Chizum and Mr. and Mrs. Louis A. Greene, who return to their home in Ft. Worth this week after a two week's visit with the Moncriefs.

Guests included many of Palm Springs golfing colony, Dr. and Mrs. Frank Purcell, Mr. and Mrs. Ben Shearer, Mr. and Mrs. James French, the Fred Ingrams, the L. M. Giannini's, the Randolph Scotts.

## Costellos Give Spring Party

It was cocktails and chili plus champagne when Dr. John and Gwen Costello entertained at their annual spring party Saturday evening. The invitations read "Come Mexican" and just about everybody did. Many of the costumes were very beautiful as well as authentic, such as Mrs. Gene Kegley's black taffeta ball gown complete with lace mantilla and comb. It had been the prize winning costume at a recent ball in Mexico City.

Mrs. Wilmet Robinson, who with Carl and Pat (Barham) Cramer, were the Costellos' houseguests, wore a stunning sequined print acquired on one of her frequent jaunts below the border with Dr. Robinson. Handsome seniors and seniors from Los Angeles were the Alan Morgans, Albert Ralphs, Tom Maloufs, Sam Kraemers, the Herman Locks, Russell Peytons, Dan Dunlaps, George Barracloughs, Harold McAlisters.

O. Andersons among the hundred or more guests.

Ken Colburn was MC for the various events—including the tub race and the diving of the two Leckte boys, Danny and Larry.

## Dream Ball Tomorrow at Tennis Club

The Tennis Club's "Midsummer Night's Dream" ball tomorrow night will symphony in pastel decorations. The entire tennis court area will be roofed with a woven tent effect in pastel streamers. Pastel balloons will float overhead during the party. Colorful flowers will be used on huge desert bushes around the edge of the courts.

A surprise highlight of the evening will be announced during the party, and those having birthdays in April are asked to contact Joan McManus at the Club before the party. The weekly buffets, which have been outstanding during the season, will be topped tomorrow night with the most unusual decorations of the entire year.

Among the many giving parties that night for the ball are Mr. and Mrs. J. Carroll Naish, Mr. and Mrs. C. E. Glass, Mr. and Mrs. Charles Shannon, Mrs. Edward A. Wallace, Dr. and Mrs. John L. Wehrly, The Kenneth Colborns will have six in their party following the home cocktail party they are giving for a few desert friends that evening.

One no-host table will have the William Maloufs and their houseguests, Mr. and Mrs. Arthur Bergh, Mr. and Mrs. Roy Michaels, of New Haven. Others seated with them are to be Messrs. and Mmes. Dan Dunlap, who are spending the month in Palm Springs while building a ranch home in Coachella Valley; Owen Churchill, John McClure, and Dr. and Mrs. John Costello.

Guests at the beautiful spring ball will assemble in the Tennis Club gardens at 8 o'clock for complimentary hors d'oeuvres in the big Arabian tent, which was brought to the club by the Austin McManus following one of their foreign trips.

## New Officers for Year Named by DAR Chapter

One of the most interesting programs of the entire year was enjoyed by Palm Springs chapter, Daughters of American Revolution, last week at the Banning home of Mrs. R. C. Webster who was assisted as hostess by Mrs. Marie Fenton, also of Banning.

The program, originated by Mrs. Perle Swart, was an "ancestor airing," the members relating interesting points in the historical careers of those responsible for the eligibility as DARs.

Following reports of activities, the nominating committee, headed by Mrs. Swart, presented its slate of officers which was unanimously approved.

The new officers for the year are Mrs. Frederick Watson, recording secretary; Mrs. Douglas Doyle, corresponding secretary; Mrs. J. R. Macartney, chaplain; Mrs. John H. Williamson, assistant chaplain; Mrs. Florence Bacon, treasurer; Mrs. William Musladin, registrar; Mrs. Francis Russell, historian and librarian.

The office of regent and first and second vice regents is held for a two-year term which expires in 1952. Mrs. Edna Brott continues as regent with the assistance of Mrs. August Paul and Mrs. Evelyn Pell. The new officers will assume office May 3, the last meeting of the season for the DAR chapter.

## Society

RELAXATION—Rested and relaxed after loafing in the sunshine for three months around the pool at the Shadow Mountain Club, Palm Desert, are Mr. and Mrs. Clifford Ives. This photo was taken just prior to their departure for their home on Tonkwood road at Hopkins, Minn. Both of them are ardent equestrians and are the donors of the Bettendorf trophy which was awarded to the top-ranking rider in the recent gymkhana put on by the Desert Raiders.

## Palm Desert Sunbeams

By EDITH EDDY WARD

Any April showers seen in this vicinity for the next month will probably be given for the attractive Mrs. Robert Beck, known to many on the desert as the former Betty Stewart, who has just been married to Bob, also a local resident, and spending their honeymoon in Palm Desert. They couldn't have asked for finer weather, with the temperature up in the nineties, and the evening so balmy.

Betty is the daughter of Mr. and Mrs. E. W. Stewart, of Catalina bathing suit fame, and apparently, the Stewarts are going all out for next year. They just bought a large corner lot across from their present swank colony home, and are building a desert home with four bedrooms and four baths. It should be quite a show place if they build anything like their present home.

Les Wagner, Los Angeles columnist and Walter Ames of the Times, arrived with their families for a few days in Palm Desert, and raved every place they went about the fabulous weather. Les is particularly pleased to be away from the smog. During lunch and an afternoon of swimming, their daughter Georgia took a few flying lessons, and buzzed the desert as low as they were allowed. While in town they were guests at the Doll House and the Sans Souci in Indio.

Now that he's finally decorated his Sun Lodge, and has occupied it, Brian Donley leaves for New York for the premier of his latest picture. He hopes to return as soon as possible with his pilot, Eddie Pinnaut, who will pilot the private plane across the country.

They'll probably pass Bill Lear on the way, because Bill was in Palm Desert this week, and will return again next in his Lodestar. He flew in from Grand Rapids with several guests, found time to take them

on a tour of San Diego, and has already returned.

Spent a few days in Los Angeles with the Robert Crookers who were entertaining Fred Keating of Long Beach, and also saw the Vic Matures, who are arriving here on the desert with-in a week for a spring vacation.

Another familiar arrival this week were Mr. and Mrs. Charles Carl, who have taken a place for three weeks. Charles is in charge of Public Relations for the Ford Motor Company in Detroit, and visited here last year. He and his wife entertained at cocktails last Sunday evening.

It was noticed this season particularly, that more and more motion picture celebrities have made the desert their winter and spring home, and apparently more and more Easterners are also discovering the benefits of the California desert.

It was also nice to see the Social Spectator, the resort magazine of society, honor Palm Desert with the second feature this year. Alan Howard, the editor in New York, writes that he hopes to come back to Palm Desert and see what has happened since three years ago. It will be a real treat to all of us if he does.

A special reminder to those of you visiting here for the month of April—it's the month for the drive for funds for cancer research. There won't be any personal solicitation at all in Palm Desert; however, those of you who wish to help this important work may send your contributions to Mrs. R. A. Ellsworth, Box 36, Palm Desert. It's

## Breakfast on Wednesday Closes Year

Final meeting of Cathedral City Woman's club will be a breakfast next Wednesday in the community park north of Sunair when new officers assume their duties. They were installed last week by Mrs. Gladys Shoemaker, Riverside County Federation president at a luncheon in the Rossmore hotel dining room.

They are: president, Mrs. Agnes Wilbor; first vice-president, Mrs. Florence Powell; second vice president, Mrs. Meta Ellinger; recording secretary, Mrs. Mildred Clark; corresponding secretary, Mrs. Alphamary Larison; treasurer, Mrs. Bessie Kelley; auditor, Mrs. Leah Lewis. In the absence of Mrs. Edna Cobb, Mrs. Georgie Somers, parliamentarian acted as her proxy.

After the installation Mrs. LaVerie Ring, the retiring president, presented the gavel to Mrs. Wilbor who gave a brief speech of acceptance and presented corsage bouquets to her committee chairmen.

## At Conference

Among those attending the conference of the National Council of Catholic Women held recently in San Diego was Mrs. Robert S. George, president of the Palm Springs deanery of the NCCW.

## Stewart's Plan Three 'End of Season' Parties

Mr. and Mrs. Sam Stuart will host one of three large "end of the season" parties for local residents at their home, 251 Via del Sol, Sunday evening.

Approximately 60 guests are expected to attend this first cocktail and dinner affair which will be held in the Stuart patio. Games and prizes for dancing couples will add to the fun and catering will be done by Jack Boyer.

April 29 the Stuarts will have approximately 35 children of local friends at their home for a second party and in May the final social event in the Via del Sol home will be a swimming affair for grownups.

## Miss Rennert to be Bride

Miss Sandra Rennert, daughter of Mr. and Mrs. George Rennert of Cathedral City, will become the bride of Robert Samuel Klemppner of Los Angeles at Jewish Community center Sunday at 6 p.m. The groom is the son of Mr. and Mrs. David H. Klemppner of Canada.

Rabbi Isaac E. Bloch will officiate at the ceremony which only immediate members of the family will attend. Following the ceremony, the

## The Heiress Ends Season at Playhouse

H. M. Rogers' Palm Springs Playhouse will close its 1951 local season next week after a 15-week run at the Polo Grounds Pavilion. Last production, which will open Tuesday night and close the following Sunday, is "The Heiress."

This week's show, slated to close Sunday night, is "The Glass Menagerie," originally produced by Eddie Dowling and Louis J. Singer at the Playhouse Theater, New York City, on March 31, 1945. It starred Laurette Taylor as Amanda, Eddie Dowling as Tom, Julie Haydon as Laura and Anthony Ross as Jim. Members of the present company who will assume these respective roles are Marrian Walters, Barnard Hughes, Helen Stenborg and Michael Ferrall.

Locale of the play is St. Louis at the present. The motion picture adaptation of the show, starring Jane Wyman and Kirk Douglas, helped popularize the play.

City officials recently granted the Rogers company permission to return to the Pavilion for a similar run under the same type contract.

This summer the company group will have dinner at Saddle and Sirloln and later the honeymooners will travel to Washington state.

## Miners Petition U.S. to Open All of Joshua Park

Winding up its three-day annual meeting in Yucca Village Sunday, the Western Mining Council passed a resolution asking the government to open up the rest of Joshua Tree National Monument, hotly denounced proposed mining law changes and renewed its demands for higher gold prices.

Back with seven other delegates of the Riverside County Chamber of Mines, Chamber President Maurice Nordstrom said the Riverside county delegation brought to the council's attention the county's big tin production potential.

Former County Supervisor Walter Pittman presented to the 300 council representatives a detailed history of the tin mining operations in the Temescal area from the time tin was discovered there in 1853.

RIVERSIDE COUNTY men got the Western Mining Council's assurances of help in their efforts to secure legislation that will make tin mining more attractive. Colonel Nordstrom said. Specifically, he went on, the government should be called on to buy from domestic instead of foreign tin producers. If sufficient free enterprise capital is not forthcoming to revive tin mining operations here, government loans should be sought, he said.

In calling for the opening of the entire Joshua Tree National Monument to mining, the council's resolution declared that there are 75 producing mines—most of them gold mines—in the portion of the monument that is now not open to mining.

IT WAS last year that congress and the President OK'd a bill authorized by Cong. John Phillips that opened up 289,500 acres of the monument to mining. Most of this area was inside Riverside county.

The council's resolution declaring "any move to pass legislation changing present mining laws" was apparently born of anxiety concerning recent department of interior mining law proposals which council leaders charged—would put mining "on a lease basis."

The council, which claims 10,045 members, embraces California, Oregon, Nevada and Arizona.

## LA QUINTA

By FRANCES HACK

The La Quinta Chamber of Commerce held one of its most enjoyable meetings of the year at Hunt's date ranch last week. Enthusiasm and a real spirit of cooperation highlighted the attitude of the members who one and all pledged their support to the plans for the further development of La Quinta's community center. Credit was duly given to Wallace McClelland, Jack Wagner, Fred Ross, Charles Mesick, Calvin Sides and George Scott for the splendid work they have done in the grading, acquiring plumbing supplies at cost from Mr. Fred Williams of the Jennings Hardware in Indio, concrete work at cost from Mr. William E. Carter of the Massey Rock and Sand, adobe blocks from Mr. I. B. Inman, thus pushing through the construction of the first small building.

The foundation has been prepared for the plumbing which it is hoped will be in this week. Much progress should be in the next meeting on May the 4th.

The Chamber was proud to welcome Sam Vorzimer and his wife Nina as new property owners, though they have long been boosters and visitors at our beautiful resort. Vorzimer is publicity director of Paramount Studios in Hollywood.

Other new home owners in La Quinta this week are John and Mildred Meyers of Pasadena, Miss Mary Bowerman, research botanist from the University at Berkeley.

Cobina Wright and Lee Anderson, social hostess at the La Quinta hotel, are leaving when the hotel closes, for New York. They expect to spend several weeks there taking in the shows and night clubs, then sail for Europe the middle of May. A nice itinerary, Paris in the spring, Rome, Italy, Switzerland, then back to La Quinta when the hotel opens in the fall.

Mrs. Dorothy Dietz entertained 14 guests at the Coachella Valley Women's club, commemorating the 27th anniversary of the club.

ers charged—would put mining "on a lease basis."

The council, which claims 10,045 members, embraces California, Oregon, Nevada and Arizona.

## Miss Cochran Sets New Mark in Desert Flight

Jacqueline Cochran, famed woman pilot, Monday set a new speed record for propeller-driven aircraft over an open course of better than 469 miles an hour.

Flying her P-51 Mustang, Miss Cochran sent it roaring over a 16-kilometer course in the record time, making two passes that were electrically timed by officials of the National Aeronautics Association.

ALTHOUGH unofficially she was timed in better than 469 miles an hour, her exact time was subject to a study of the photographic tape and conversion from kilometers per hour to miles.

Revised international aeronautical records show that Fritz Wendel of Germany in 1939 set a mark of 469,220 over a three kilometer closed course. Miss Cochran in 1947 flew over the same distance in 412.002 miles an hour.

THE NOTED woman pilot also holds records for 100, 500, 1000 and 2000 kilometers for propeller-driven planes. In addition, she is the holder of a majority of the records listed for women

The Palm Springs Youth Center entered a float in the annual Desert Circus parade. The float won third place in its division, that being of the most original. In view of the float being such an outstanding success we would like to send a few verbal bouquets to the people who made it possible by way of donations in one form or another. To Mr. Joe Leonard we owe our greatest vote of gratitude. He donated the truck and also drove the float in the parade. Being inside the cab and entirely closed in by the bunting and other trimmings his place became a veritable sweat box. Our hats go off to Mr. Leonard for his generosity and keen interest in the welfare and advancement of the youth of Palm Springs. Thanks also are offered to Gordon Youngs for allowing us to use his trailer, also Mr. Norman of the Del Tahquitz hotel for donating the use of his small piano. If it weren't for these donations it would have not been possible to have an entry in the parade.

The entire cost of our float was about \$15. Competing with floats that cost ten to twenty times that amount, we feel very proud to have turned out such a handsome entry. We wish also to extend a vote of thanks to the members of the Rec who helped decorate and ride on the float.

The ball game Friday night didn't draw as many people as we had hoped because of chilly weather. The date we chose should have been a good one except for the snow storm on Mr. San Geronimo which sent a blast of cold air down upon us. Luck just wasn't in our favor. Possibly during May or June we will have the Compton Cuties back again.

The Rec jackets finally arrived from St. Louis, Mo. The jackets turned out to be better than we had dreamed and they were well worth waiting for.

## Ousted Members of Desert Club Win Skirmish

Members of La Quinta's Desert club who are leading a court fight to oust the club's management, won a minor skirmish in superior court Tuesday.

Superior Judge O. K. Morton ruled that they could use the facilities of the club (swimming pool, courts, bar, etc.) until a hearing on the suit to be held April 23. The club's president—Frank Stone—had expelled them from membership.

They are led by Col. Walter Clifford Bowman, president of the La Quinta chamber of commerce. Their suit asks superior court to remove Stone from the presidency, appoint a receiver to manage the club, and restore the members to membership.

The suit has also been amended recently to ask the superior court to order Stone to pay \$100,000 in damages to the La Quinta chamber of commerce.

The plaintiffs said Stone expelled them or threatened to expel them because of their membership in the chamber of commerce.

fliers as well as holding numerous other U. S. marks.

Miss Cochran flew from her ranch near Indio, over Palm Springs to the San Jacinto mountains and return in establishing the mark.

## NEWS OF THE DESERT EMPIRE

### Flames Destroy Garage and Auto at Whitewater

Cathedral City State Forestry service firefighters rushed three trucks to the Bridgehaven motel at Whitewater Sunday morning but were unable to save a storage garage, a car, tools and various articles of furniture from complete destruction.

Owner of the motel, the garage and all its contents is Mrs. Minnie Keller. Loss of the structure and the articles stored in it, the car was a 1941 Oldsmobile, was estimated at \$1500.

Firemen said the building was almost a total loss before they arrived on the scene and they were helpless to bring the conflagration under control.

Forestry officials were not certain of the cause of the blaze.

## DESERT HOT SPRINGS

By THERESE WHITESIDE

Agnes Baerer and Grace Cummins of Desert Hot Springs Park for Trailers, were hostesses at the Wednesday social tea last week.

Sylvia Hempstead played three lovely lano solos and Mabel Dorn Blackman read a poem and an old Chinese proverb, which is so wonderful that it is worth printing here:

"If there is righteousness in the heart, there will be beauty in the character. If there is beauty in the character, there

will be harmony in the home. If there is harmony in the home, there will be order in the nation. If there is order in the nation, there will be peace in the world."

Ina Wilson registered the visitors and Margaret Robertson and Therese Whiteside poured.

Jack and Louise Breaton are leaving for a well-earned vacation, after managing the Park for trailers during the past year.

## Bishop Bloy Will Visit St. Paul's Sunday Morning

The Rt. Rev. Francis Eric Bloy, D.D., bishop of Los Angeles, will visit the Palm Springs Episcopal church on Sunday morning at 10:00 a.m. to confirm a class of adults and young people and preach. This young bishop, before his elevation as head of the diocese, was dean of St. Paul's Cathedral, and was ranked as the most forceful preacher in the metropolitan area.

Weekday Holy Communion will be celebrated on Thursday, April 19, at 10:30 a.m. with address by the rector.

## New Covenant to be Discussed

At the 11 a.m. service Sunday at Community church, Dr. James H. Blackstone, Jr., pastor, will preach on "God's New Covenant."

"The sermon will be based," he said, "on the eighth chapter of Hebrews in which the author contrasts the old covenant of outward, formal religious ceremonies with the new covenant of God's mercy that wins the heart of man and all his affections to the Lord. This is the only kind of religious devotion that can satisfy the heart of the Heavenly Father for He says that He abhors the empty, vain sacrifices and religious ceremonies of those whose hearts are far from Him."

Sunday school commences at 9:45 a.m. The Senior High and Junior High departments are contestants in an exciting "Great Lakes Race" to see which is the more active group.

Junior High Christian Endeavor meets at the church at 5:15 p.m. Senior High Christian Endeavor meets at 6 p.m. at the manse, 251 San Jacinto drive. Subject of discussion this week will be "God's Spirit at Work."

At 7:30 p.m. on Wednesday, a service of prayer, praise and Bible study will be held.

At the Sunday evening service, 7:30 p.m., will be presented the first in a series of "Highlights of World Missions." The film "Call of the Andes" will be shown.

## High School Band Stages Drive for New Uniforms

Palm Springs high school band is currently staging a drive to raise \$3000 in order to buy 60 new uniforms which would be adaptable both to desert and coast wear, Gustave Patzner, announced this week.

The drive was launched Saturday afternoon in the Center when the aggregation presented a 45-minute concert for benefit of Villagers and Circus visitors. The performance was arranged by John Connors.

"OUR HIGH SCHOOL band is one of our best means of publicity," said Patzner. "They are distinguished for excellence of their performance and there is no better way to set forth the high quality of Palm Springs."

"However, during the past year they have not been able to give proper representation because there are not enough uniforms to go around and those on hand are worn out. If the band was adequately equipped it could represent the city at many public appearances."

## Community Church to Show Film of Andean Missionary Project

At the 7:30 p.m. service at Community church the sound colored film "The Call of the Andes" will be shown. This is the first in a series of four "Highlights of World Missions" Sunday nights. Refreshments and missionary displays will follow the evening service.

More than fifty Americans and their families are engaged in what is perhaps the most unusual missionary undertaking of all times—HCB broadcasts more than 1,000 Gospel programs each month in 9 different major languages. Its short-wave transmitters are heard on every continent of the earth.

Organized during the depression by the World Radio Missionary Fellowship, the voice sent its first message through the thin Andean air on Christmas day, 1931. At that time it had only a single 250-watt transmitter, broadcasting Gospel songs and messages in Spanish.

Since then, it has steadily enlarged its power and range. Broadcasting daily except Monday, its schedule now includes programs of sacred music, Bible instruction, sermons, meditations, news and children's features.

In addition to the operation of the radio station, the missionary settlement includes a hostel-clinic where Indians receive medical care; a school, a church, and a Bible Institute of the Air, now numbering over 4000 students enrolled. This gives a three-year course of Bible instruction in Spanish with lessons sent by mail to listeners who return them to the station for grading and correction.

## Jewish Community Center to Hold Public Seder Next Friday Evening

Passover, Feast of Liberation, will be observed by the Jewish community of Palm Springs for eight days beginning Friday evening, April 20, commemorating the liberation of the children of Israel from Egyptian bondage, and the flight from Egypt across the Red Sea, the feast has become the symbol of religious freedom and liberty for all democratic peoples all through the ages. The main feature of the observance of the festival is a home service and elaborate dinner called the Seder, which takes place on the first two evenings of the feast.

To provide for the many tourists and visitors in Palm Springs, who will not be able to arrange a home service, a public Seder will be held at the Jewish Community Center on Friday at 6:30 p.m., conducted by Rabbi Isaac E. Bloch.

A short service at 6:15 p.m. will precede the seder. Visitors may make reservations by calling the Center office, 5262. Due to limited seating capacity, reservations will be accepted only as long as space is available.

## Church to Mark Anniversary at New Structure

Anniversary of the first services to be held in the new Palm Desert Community church building will be observed next Sunday with a special program, Dr. John R. Macartney, pastor, said this week.

Next Sunday the children's choir under direction of Mrs. Frank Little will make their first appearance.

On the occasion of the first meeting in the new church, Gen. Doolittle and his Tokyo flyers, on the desert for a reunion, worshipped at the church and the general spoke briefly.

Dr. Macartney reported that the interior decoration of the church under direction of H. W. Burns, designer, had been completed and that Claude Freeman was directing hanging of the drapes in the sanctuary. Dr. Macartney's office is now fully equipped and the entire edifice is nearing completion, he said.

At the R. M. Trezevant home last week, a sizeable sum toward construction of the manse was realized at a \$10-a-plate venison dinner.

Grace Line presented a vivid picture of the native land—Korea—at a meeting of the Desert Guild meeting Saturday at the home of Mrs. Evelyn Sahlas in Palm Village.

"APPEARANCES coming up include the Long Beach contest in November and the Hollywood Christmas party."

To date the uniform fund has collected \$500 toward their goal. Those interested in supporting the drive should mail their contributions to Band Uniform Fund, Palm Springs high school. Checks should be made out to the same organization.

## Students Attend College Session at County Seat

## Kind Deed of Villager is Another Palm Springs Boost

Louis Portnoy, retired Village resident, gave Palm Springs a valuable boost last week—valuable because it came from his heart without any thought of reward.

Here's how he tells the story: "Several weeks ago a couple stopped me on the street and asked if I knew of a quiet place where they could stay. I took the couple, Mr. and Mrs. Ralph Sanborn, in tow and finally arranged for them to spend their visit in a friend's vacant apartment. This was March 15.

"SOON AFTER, March 18, Mr. Sanborn collapsed of a heart attack—he was here for a rest—and died before a doctor could be obtained.

"Of course Mrs. Sanborn was grief-stricken so I made all funeral arrangements for her, cutting financial corners as much as possible because I believed they were not people of means. My friend the Rev. Robert Macartney agreed to officiate at the services and refused to accept a fee.

"I SOON FORGOT the incident since Mrs. Shannon moved back to San Francisco soon after the services but last week she and her daughter, Mrs. Anne Lawson of Watsonville, both sent me very kind letters thanking me for my help in their time of need and vowing that Palm Springs will always hold a kind place in their hearts for the treatment they received there.

"I was surprised to find a check for \$50 in Mrs. Sanborn's letter and information that her husband was an executive in the California Canning corporation, the company which distributes Del Monte foods, and that he also was a pioneer in drafting the present federal pure food and drug act.

"THE MONEY she sent me will go into increasing recreational facilities on my vacant corner lot at Camino Real and Sunny Dunes road. Our neighborhood is one of good neighbors and we do almost anything to help each other out."

## DOING OUR BEST ..

In the past ten years, as always, we have been doing our best work for the best interests of all—our customers, our employees, our stockholders and our government—under the great American system which gives all of us the opportunity to go forward together.

These are times for humility, of course. But we nevertheless offer proudly the following report of what seems to us to have been ten years of real achievement.

**Prices We Pay for Materials**, and for the supplies and other commodities we need to supply electricity and the accompanying services, have gone up in the last ten years about **100%**

**Prices We Pay for Work**—the compensation for the skill, care, and effort of our employees (not counting the greatly added costs of pensions, insurance, and other such benefits)—have gone up in the last ten years over **100%**

**Prices We Pay for Government**—the services of Uncle Sam and of state and local governments—were greater in 1950, as compared with 1940, by over **25%**

But this includes only our direct, visible taxes, which last year amounted to \$2,301,634.

Such taxes are at a higher rate now, and are going still higher. Too, there are indirect taxes—hidden in the prices of everything we buy—estimated to average an additional 25%.

**Prices We GET**—for better service, performance, and for the conveniences of modern living—have gone up in that time only **8 1/2%**

**PRICE INCREASES SINCE 1940**

**FOOD UP 127%**

**COST OF LIVING UP 79%**

**ELECTRIC RATES UP ONLY 8.5%**

\*In the Area We Serve

We here are proud of our past record in supplying you electric service with such a modest increase compared with the costs of other essential living expenses. As prices skyrocket higher and higher you can be assured that your electric bill will continue to be one of the lowest priced items in your family budget.

## SUN SPORTS IDEALIGHTS

By GUS STEVENS

Palm Springs high school baseball team is seemingly built around one man—he's Don Henson, the best pitcher to come out of these parts in several seasons and a professional prospect if there ever was one.

Henson has allowed only 12 hits in the first three games of the Riverside County League 1951 season and last week he "eased up" and gave up six hits, the highest number in the past nine games. In his first two starts this year he gave up just three each time. Nobody else has come near the mound since he's been up there throwing 'em for the Indians.

Last week he tied his personal strikeout record by whiffing 17 batters and raising his three-game total to 44. Virtually all runs scored off the fireballer have been unearned and his earned run average is about one point something.

NOT ONLY THAT but the big workhouse, reserve catcher and coach Clare Ballagh's grid squad last year, bats in the cleanup spot in the order. In the first two games he clouted at better than a .500 clip, collecting five hits in nine times up.

Sure, you say, lots of high school pitchers have sizzling speed and pile up lots of Ks in the scorekeeper's books but they usually walk about three times as many men as they get out of there. That's the deciding factor in many high school games.

But not Henson. Last week he walked only four when he fanned his 17 last week and did no worse his first two outings. And along with his speed, he's "got a world of stuff," to quote Garland Rose, Riverside Enterprise sports editor.

So he's fast, has control and makes the ball do everything but whistle "Dixie." What more could any coach want? Except eight other guys to back him up.

LOTS OF PEOPLE seem to be wondering what Mesa, Arizona has that Palm Springs hasn't got. This conjecture comes on the heels of the announcement that P. K. Wrigley chose that spot to spring his Chicago Cubs over the local Polo Grounds beginning next semester.

The answers are as simple as rolling off a bankroll. First Mesa (actually a suburb of Phoenix which lies only 15 miles west of the growing town) has guaranteed the Wrigleyites a minimum take on 10 exhibition games to be played in Mesa, Phoenix and Tucson. And, second, and probably most important, Wrigley is owner of one of the Arizona capital's largest rooming houses, the Arizona Biltmore.

So in Mesa he's assured of some sort of a gate, a guarantee which Palm Springs can't give him, and he can keep watch on two major properties with one eye.

Bottom of the barrel — Most lively locals seem to be chafing at the bit to see summer city league softball get underway, remembering that fun they had playing last year and the loads of interest which Villagers showed in the league. They've got a swell new park to use now, too. City Recreation Director Howard Hadcock says anybody can use the park weekends for practice and probably next month he'll turn on the lights once in a while for nocturnal workouts. Like last year, regular league play will probably begin early in June. . . . Coach Scott Thompson's Indian cindermen are liable to come closer to upsetting Coachella's perennial king-pin than anybody has in several years this spring.

## Mrs. Weismuller Wins Golf Title in Tie Play-Off

Mrs. Johnny Weismuller found that O'Donnell Golf club was the place to break her second-place jinx over the weekend as she captured top honors in the Palm Springs Women's Invitational Golf tourney.

The attractive blond wife of the swimming great and movie tree dweller scored a 71, just 1 stroke over men's par, Friday in the closing round of the Palm Springs Women's Invitational Golf Tournament and then won a 9-hole play-off with Gloria Fecht, the ex-ice skating showgirl.

MISS FECHT, surprise of the tournament, shot a 75 Friday, a stroke better than Thursday's opening 76. Then Mrs. Weismuller completed her round a few minutes later needing a birdie 3 at the 18th to tie.

She did it with a 6-foot putt that rattled against the back of the cup before dropping. That gave her a 71 for a 151.

The play-off was almost superfluous as Mrs. Weismuller scored a 38 to win handily as Miss Fecht's nerves came unglued and she went for 44.

TO MRS. WEISMULLER, victory was mighty sweet medicine for a sore throat and an oncoming cold. It also broke a string of tournaments in which she finished second, including the most recent L. A. Midwinter and Indo events and a number of private club events around Los Angeles.

## Cuties Nose Out Teenagers 11-10

The Compton Cutie cutups clowned their way to an 11-10 win over the Rec in benefit softball game at the Polo Grounds last Friday night.

The visitors lived up to advance notices, providing laughs along with a creditable display of softball prowess. All were attired in sundry feminine get-ups designed to contribute to the general mayhem.

The Cuties completely puzzled the Rec squad. They pitched balls with strings on them, ran the bases in the wrong directions and one batter caught a pitch thrown at him, tossed it in the air and smacked it for a hit.

The Cuties settled down to come from behind for the win in the seventh inning.

## Top Man

Oscar Prieto Leads  
RCL Statistics

Oscar Prieto, hard hitting Palm Springs high shortstop, dominated RCL baseball statistics released last week following the second round of league play.

Prieto was leading or tied for the lead in the home run, RBI, runs scored, triples and batting percentage departments. Prieto and Peris's Don Westbrook are both hitting .625 in eight times at bat. India Pitcher Don Henson is swinging at a .556 rate. Prieto had the only home run of the league so far and had batted in four runs.

## Hard-Luck Henson Hurls Another Good One---Loses

Don Henson, Palm Springs high pitching ace, was once again the victim of an RCL baseball loss this season as the Indians dropped a 7-1 decision to Hemet on the home grounds last Thursday.

The win was Hemet's third straight against no defeats to perch the Bulldogs atop the league flag race heap.

Henson equaled his personal strikeout record of 17 set last year at Hemet but gave up six hits, the highest number off him in the past nine RCL contests. Henson has 44 Ks in three games this year. He walked only four last week.

HEMET HURLER Russ Matthews limited the home-owners to five safeties, their lowest in the last two seasons, for his third straight win. He walked four and struck out six.

The Bulldogs failed to get a hit off Henson until the fifth inning when Bobby Thompson, Hemet shortstop, dropped a Texas leaguer into center field. Another Bulldog, Chuck Reeves, singled in the sixth.

HENSON'S "hard luck" inning, the seventh, proved his undoing once again. Three errors, four hits and a wild pitch broke the backs of the locals and Hemet piled up five quick runs. All seven runs were unearned. Had the Indians been

errorless, three outs would have been made before the trouble came in both the second and seventh.

The Indians' lone run came in the fifth when Johnny Black doubled into center field and advanced to third on Bob Hall's infield single. Pasos speared Larry Ostrow's liner and doubled Black off third but Stowers singled to score Hall.

PALM SPRINGS high went to Perris yesterday afternoon in search of its second win of the 1951 RCL baseball season. The clash was the fourth in the Indians' seven-game league schedule.

Both teams are in the same boat. Each has won one and lost two to date in the campaign. Last week the Panthers dropped a wild and woolly affair to Beaumont, 13 to 14.

## Mayor on Winning Pair in Pimm's Cup Doubles Play

In matches which featured a third play-off set in every instance, Charley Farrell and Tommy Cook along with Phil Reed and Betty Langley won men's doubles and mixed doubles trophies in the annual Pimm's Cup matches at the Racquet Club Friday, Saturday and Sunday. In every match the loser captured one of the first two sets, necessitating a deciding third set.

A host of movie and social lights watched Farrell and Cook defeat Vincent Fotre and Solly Baiano, 7-5, 3-6, 7-5, to lead the field.

IN THE FIRST ROUND the pair had tied with Hal Mosier and Ralph Wyre with 16 games apiece. A play-off set netted a 6-3 win for the final victors.

Others in the men's doubles finals were Harry Plymire and Gus Kettmann along with Greg Bautzer and Bill Gilbert. Ginger Rogers presented the cup to the winners.

In mixed doubles play Reed and Langley topped Harry Ply-

mire and Mrs. William Powell to win honors. Reed is a Hollywood actor and Betty Langley is a local Racquet club member. Other finalists in mixed doubles play were Mort Ballagh and Jean Nagel along with Ramona Smith and Tommy Cook. Reed and Langley's winning scores were 6-3, 4-6 and 10-8. At one time the winners trailed 1-4 in the final set.

THE MIXED DOUBLES winners also encountered a first round tie when Solly Baiano and Ginger Rogers also had 21 games won. A 6-2 play-off set win sent the eventual winners on their way. Miss Rogers presented Reed with his cup and William Powell did the honors for Betty Langley.

Capped by a Pimm's Cup cocktail party, many well known spectators enjoyed the three day tourney. Included in the distinguished gathering were Marlene Dietrich, Mr. and Mrs. Bill Moss (Jane Withers), Eleanor Parker, Virginia Field, Willard Parker, Sonja Henie, Winthrop Gardner and Michael Wilding.

## Midgets to Roar at Indio Fair Grounds Next Sunday

The first sanctioned three quarter midget auto race of the year at the Riverside county fair grounds at Indio will be held Sunday afternoon, racing officials announced this week.

Paul Sanky, last year's champion, will be on hand to defend his title along with Harvey Feuerhelm of Pasadena, last year's runner-up. Sanky will be driving his famed Triumph powered midget against the fast J.A.P. powered racer owned and driven by Feuerhelm.

Outstanding Coachella Valley entry will be Jake Cotheron's No. 24 midget which finished fourth in the big grand prix 50 lap

main event last year. The Indio car owner will have another Date city man as his driver, Bob Gillespie. Gillespie is determined to finish high enough in this year's mad scramble for points to enter the big National Championship races to be held in the east later this year.

Gates to the fairgrounds will be opened at 1:30 p.m. with qualifying times trials scheduled to start promptly at 2:15. The first actual racing event is slated for 3:15 p.m.

## Indians Threat to Coachella's Reign on Track

Palm Springs high cindermen were rated as the only team to seriously threaten Coachella high's track reign in 1951 as the Indians were close behind the results of the first annual running of the CVUHS Relays in the Date city were tallied last Friday night.

Palm Springs showed unexpected strength in pushing the Arabs in the varsity class with Perris a surprising third. The Braves rolled up 50 points in varsity competition compared to Coachella's winning 58.

Palm Springs won the shuttle low hurdle relay, shuttle high hurdle relay and high jump team event in collecting its 50 counters.

## Village Netters Launch Season on Winning Side

Palm Springs high jumped off to a winning 1951 tennis season last week as both boys and girls teams shaded wins over Banning netters in local court matches.

The Braves triumphed, 13 to 6, while the Squaws shaded the Pass city girls, 10 to 9. Coach John Weeks' netters established themselves as one of the powers to beat in 1951 RCL net play. The Warriors won all four singles matches and the second doubles tiff.

## College Advisors Discuss Tests with Students

Four members of the Riverside College counseling staff were in Palm Springs recently to explain to high school seniors the significance of the scores they made on college aptitude tests which they had taken earlier in the year.

The examinations give measures of both language and mathematical types of ability. The scores can be translated into percentile scores which indicate how the student compares to others in the beginning of the freshman year at college.

The Riverside counselors who held personal conferences with each student were Cecil Stalder, history instructor; James Haslam, chemistry instructor; Phil Black, English instructor; and Ralph Bradshaw, dean of men.

## Ensenada Tourist Representative Here

Mrs. Grace Lofton, head of the Ensenada Tourist Agency in Baja, California, is in town to look over possibilities of summer tourist business for those residents who close their Palm Springs homes during the summer months. In favor of deep sea fishing and change to ocean scenery and locales, Mrs. Lofton expressed her opinion that Palm Springs is the greatest winter resort in the country and emphasized that too many vacationers do not realize that resorts, like Mexico's Ensenada are ideal summer resorts.

## Junior Legion Baseball Planned in Palm Springs

Junior Legion baseball will come to Palm Springs this summer under the sponsorship of Owen Coffman Post 519 together with interested businessmen and individuals.

Plans have been made to begin play May 12 in order to be ready for the district tournament in July. Boys who did not reach their 17th birthday before Jan. 1 this year are eligible to participate. Palm Springs, Coachella, Hemet, Beaumont and Banning high school pupils are eligible to try out.

Those interested as sponsors should call the local post at 2928. Ten of 20 needed uniforms have already been promised.

Rain Halts RCL  
Baseball Schedule

Rain caused cancellation of two RCL baseball contests last Thursday afternoon but one was rescheduled Friday while the fourth has been set for a late season date.

Elsinore preserved its home winning streak which extends back to 1948 by whipping previously unbeaten Coachella, 5 to 2. Hurler Bobby Mendoza gave up only three hits and allowed no unearned runs. The game was played Friday.

Last Thursday afternoon Beaumont slugged out its first win by topping Perris, 14 to 13. Besides the 27 runs scored during the afternoon, there were 26 hits, including four triples. San Jacinto and Banning were

# ANNUAL CITY NET PLAY TO START ON APRIL 19

April 19 through 29 was set this week as the dates for the annual Palm Springs City Tennis tournament which will feature an expected 60 local netters in men's singles, men's doubles, women's singles and mixed doubles play.

Open only to resident amateurs, contestants may use any city court they choose for play, including the Tennis and Racquet clubs, tournament spokesmen Howard Haddock announced. Trophies will be presented to winners in all four categories. It is expected that there will be at least 32 men's singles contestants and 16 teams in each of the doubles events.

**DEFENDING** men's champion is Don Williams, 1950 winner now playing for Redlands University. Harry Plymire, slated to enter this year, has already retired one perpetual trophy in 1949 after winning it three times running. Paul Lucas was men's singles champ in 1947. Last year's men's doubles top dogs were Gus Kettmann and Harold Hicks who beat out 1949 winners Charley Farrell and Harry Plymire. Plymire and Mrs. William Powell have copped mixed doubles honors for the past three years.

**FEE FOR ENTRY** is one dollar per person event except for men's singles which will cost \$1.50. Aspirants must sign up at Shelly's Sporting goods (5188), Palm Springs Sporting goods (6012) or at City Recreation Director Howard Haddock's home (2-5732) by Tuesday afternoon. Fees collected will go toward trophies and cost of tennis balls in final matches. Other tilt balls must be supplied by players.

"Everybody will get a chance to play at least twice," said Haddock, "because we'll have a losers' bracket. Matches will be decided by best of three sets. This is a tourney for the resi-

dents of Palm Springs and we want everyone who likes the game to try their hand."

Committee members are Haddock, Roland Valle, Charles McDonald, Harry Plymire, Bill Dunkerly, Ralph Shelley, Gail Hicks, Dave Gillam and Ed Meyerson.

## CIRCUS

The Pasadena City college Tournament of Roses band presented an hour-long concert on the Tennis Club lawn. A buffet luncheon was served at noon with most of the diners later going to Palm Canyon drive to watch the parade with its 13 bands.

**MANY OTHER** gorgeous floats featured the parade. Near the head of the long line was the Queen's float on which Queen Barbara Jean Smith and her court of four—Sandra Cordrey, Candi Hughes, Janet Jaynes and Elaine Naish—rode in regal splendor.

At 8:30 p.m. the big circus itself got underway, providing 5000 spectators with two hours of thrills and chills. One of the balmy nights of the season enhanced the proceedings.

**CY RITER** and his dilapidated car was among the most humorous clown acts along with the baggy pantsed Black brothers, Lynn and Linda and the Venetians thrilled onlookers with their 100-plus feet high tower acts. # New 18-Hole Golf Course Reported Planned in Area

Palm Springs resort area will have a second 18-hole golf course, perhaps by the time the new season rolls around, it was indicated this week.

Sources, close to the principals in the construction of the new greens, reported that the new course would adjoin Wonder Pains hotel and date gardens south and east of the Village. The land has been purchased. It was reliably reported, and the transaction is now in escrow in Riverside. Cost of the project is reported to be approximately \$750,000.

Persons whose names are being associated with the course include Edward Small, independent motion picture producer; Ben Shearer, Palm Springs; Edward Silverman, motion picture producer; Ernest Alschuler, president of Sentinel Radio Corporation and winter colonist; Henry Jittelson, the Skouras brothers, Dr. Alfred Strauss, Chicago and Robert Hudson, Joseph Blumenfeld, owner of Wonder Palm hotel and owner of a chain of motion picture theaters in northern California is reported one of the principals.

Details of the project are not yet available.

# SCOTT AND SODD WIN THUNDERBIRD OPENER

Randolph Scott, amateur, and Joe Sodd, Indio pro, teamed up to cop the opening day pro-amateur tournament at Thunderbird Country club's first annual Invitational Golf tournament Tuesday.

The pair fired an amazing low ball of 60, 12 under par. Sodd grossed 70 and Scott 69. Low pro of Tuesday play was Fay Colman with 67 gross. Jimmy Hines and Johnny Dawson, Thunderbird pro, fired a low ball of 65.

**TODAY SOME** 202 fairway marksmen hope to use the first

annual Thunderbird Invitational men's 54-hole championship as a stepladder to an end to the Dr. Bud Taylor hex. Taylor has won two amateur meets in a row.

Last week Taylor thumbed his nose at a strong field in the Red Hill Invitational at Upland, winning with a four-under par 68: 72-140 count.

Last month, the Pomona dentist drilled his way through to the Tucson Invitational field, sinking his forceps into Bud McKinney of Dallas in the Arizona

event final.

**WALKER CUPPERS** Johnny Dawson of Thunderbird and Bruce McCormick of Lakeside as well as Bud Holscher, young Santa Monica, and George Harrington of Medford, Ore., take a shot at the crown this weekend.

Course records which the tournament campaigners shoot at are Dawson's practice six-under-par 66 and Brentwood's Fay Coleman's 67, which he made in Tuesday's \$500 pro-amateur meet.

Other low handicappers given a fine chance of surprising the favorites include Milt Hicks, Palm Springs.

Last night Thunderbird members and guests gathered in the club lounge for the Calcutta dinner.

## Tahquitz River Estates Booming

Developers of Tahquitz River estates, Palm Springs' exclusive south end sub-division, reported a booming business this week.

Most recent newly-added resident of the estates is Charles E. Becker, president of Franklin Life Insurance company, and his family, who joined Tahquitz neighbors less than a month ago. The Beckers will live at the estates during the winter season and return to Springfield, Ill. summers. The Beckers have twin daughters, Carylyn and Marylyn, the latter Mrs. Charles Baker of Springfield, another daughter, Mrs. Jacquelyn Cutter and a son, Charles Jr. in business with his father.

Two prominent movie colony directors have also recently taken homes in the estates. They are Robert Z. Leonard and William Seiter. Don Hartman, estate veteran of two years, was recently made production head at Paramount.

John Seaman's, Tahquitz official, will move into a brand new estate home within two months while the Russell Wades, other estate developers, recently returned from an eastern trip.

Mr. and Mrs. Lewis Wynn Stunton of Beverly Hills are spending a week on the desert, occupying their home on San Lorenzo Road.

"General MacArthur was fired  
because he brought the major  
issues to the front in the con-  
flict against communism. It was  
not a sudden decision on the  
part of President Truman but  
the result of a deal made by  
the state department with Great  
Britain to turn Asia over to the  
communists. These declarations  
on the issue that has aroused  
the nation highlighted talks be-  
fore the Rotary and Lions clubs  
here this week by Dr. John  
Lechner, executive head of the  
Americanism Educational League  
of Los Angeles.

The ousting of Gen. MacAr-  
thur was as great a shock to  
this nation as Pearl Harbor, the  
militant anti-communist speaker  
declared. He said it was the  
president's moral responsibility

## Mayor Says There'll be no Condemnation

**Solution of Indian  
Avenue Problem to  
be Peaceable One**

Mayor Charles Farrell said there would be no condemnation of Indian lands to provide widening of Indian avenue.

"There'll be a solution but it will be an amicable one" he said.

Last week at council session Robert Ransom, realtor, speaking for a group of Villagers, urged action on widening the thoroughfare even if it called for condemnation proceedings.

The mayor answered the statement formally this week.

"The Indians were here long before the white men and they will be given every opportunity to work out in a friendly manner the solution to this problem," said Mayor Farrell.

"I know that the traffic congestion on Indian Avenue is just as much a nuisance to the Indians as it is to other persons using the narrow street. The city has no desire to proceed on a major project of this kind without full approval of those citizens who are the real pioneers of Palm Springs."

## Board Calls Off Building Plans

Supervisors Wednesday again took up the matter of the controversial Welfare building and decided to call off all plans for further study. In doing so they criticized the former board which started the building for "lack of definite planning."

It was only last week that the board decided to advertise for bids to complete the building which will cost far more than first estimated. It is believed all bids submitted will be rejected and new plans ordered.

## Beauty Expert at Ramon Drug All Next Week

Helena Rubinstein's personal representative, Harriette Carter, beauty consultant, will be on hand all next week, starting Monday, April 16 at the Ramon Drug store, located at Ramon Rd. and Indian Ave. She will be present to help the women of Palm Springs solve their beauty problems, stated Morris Finerman, owner of Ramon Drugs.

As a part of the Helena Rubinstein beauty consultant visit, the ladies will be given a free beauty analysis which reveals true skin-character. Then, as a special gift from Helena Rubinstein—they will be given a beauty mask worth one dollar.

"Ladies wishing this free beauty consultation service may call for an appointment or simply stop in at the store when convenient," Finerman said.

## County Welfare Staff Increased by Three

Because of the increase in the county's relief burden, supervisors Monday increased the staff of the welfare department by addition of three assistance workers.

The staff now numbers 45.

## All's Well Huge Crowd But Only Few Incidents

It was a tremendous crowd but insofar as causing grief for the police department, it was an orderly crowd. That was the estimate Monday of Chief of Police A. G. Kettmann as he reviewed the final Circus weekend which jammed the city with one of the biggest crowds in its history.

"Most of the trouble we had," he said, "was unavoidable. There were a few drunks for the size of the crowd and the holiday spirit. Some lost children, a few dented fenders and one fire—that doesn't add up to too tough a time. Most of the boys worked 12 hour shifts and had the situation in hand throughout."

## Music Festival Plans Announced

Palm Springs Unified School district's annual Music Festival, as a prelude to Public Schools Week, will be held next week, said Gustav Patzner, head of the school music department, said yesterday.

There will be two concerts, one for elementary school children, first to sixth grades—next Tuesday at 7:30 p.m. at Francis Stevens school auditorium, and one on Thursday for the secondary schools—junior high and high school—at the same time and at the same place.

Patzner said approximately 300 would take part in the programs which will feature choral and instrumental numbers.

## Playhouse Granted Pavilion Use Again

Herb Rogers, producer of the Playhouse, was informed by city council this week that his request for renewal of his lease on Polo Grounds Pavilion for 1951 had been granted.

He will return in January with the same company for a 10 to 15 week run.

## Look Out! Old License Plates to Bring Trouble

If your automobile is not equipped with 1951 license plates, be prepared to explain. Capt. Ray Hostings of Riverside county unit, California Highway Patrol, sounded a warning Wednesday that all cars without 1951 license plates will be stopped and autoists asked to explain.

Drivers without the new plates or a valid reason, face arrest plus seizure of their car.

## Jewish Appeal Nearing Quota

A total of \$26,157 in pledges, of which \$18,521 was in cash, was reported. The Palm Springs quota is \$30,000. The campaign was the beneficiary of a cocktail party given by Dr. and Mrs. Julius Kaplan last Sunday at their home, 267 Vereda del Sur.
